ago.

The market having lost the advantage of the urgent demand from uncovered shorts, speculative attention turns back to some of the pre-existing conditions which were held responsible for the fall in prices. The statement issued by the Bureau of Statistics of the value of agricultural imports for the month of July disappointed the hopes of a decided favorable turn in foreign trade conditions, which seemed to be foreshadowed by the June return.

Nearly every important item of the Nearly every important item of the statement shows a contraction from the figures of a year ago, the total contraction reaching \$6,253,000, compared with July of last year. The complete foreign trade statement in July of last year showed an excess value of imports over exports already established, so that the prospect of assistance in building up foreign credits by the workings of commerce in July of this year is poor.

CHICAGO GRAIN MARKET.

Chicago, Ill., August II.—Largely increased exports, probably needed by France because of crop damage from rains, narrowed the gap to-day between wheat prices, in this country and Europe. Buying of options here was active all day, and especially so on the part of the foreigners. In consequence there was a net advance of 1% 61½ to 1½c. Corn also advanced, but for an exactly opposite reason—absence rain in the West. Cron closed % to 1½ 0½ c, higher than last night. Oats and provisions sympathized, the former with a final gain of % 6% to % 6½c., and the latter 1½% 64c.

The leading futures ranged as follows: Washington, D. C., August ii.—The condi-tion of the Treasury at the beginning of business to-day was as follows:
